Letter to the Minister

The University Council of Jamaica
6B Oxford Road
Kingston 5

March 2016

Senator the Honourable Ruel Reid
Minister of Education, Youth and Information
Ministry of Education, Youth and Information
2 National Heroes Circle
Kingston 4

Dear Minister:

In accordance with Section 10 (1) of the University Council of Jamaica Act, 1987, I have the honour to transmit herewith the Council’s Report for the year ending 31 March 2016 and a copy of the statement of the Council’s Accounts as at 31 March 2016 duly certified by the Auditors.

Yours sincerely,

[Signature]

The University Council of Jamaica

The University Council of Jamaica (UCJ) was established in October, 1987 by the University Council of Jamaica Act, 1987. It is a statutory body currently under the portfolio of the Minister of Education. The UCJ is the national Quality Assurance Agency for tertiary education in Jamaica.

VISION STATEMENT

The University Council of Jamaica aims to be a Centre of Excellence for quality assurance in tertiary education in the Caribbean, maintaining a system which is responsive to national and global changes while enhancing the development of a coherent Jamaican tertiary education system and the country’s human resources.

MISSION STATEMENT

The mission of the University Council of Jamaica is to increase the availability of tertiary level training in Jamaica through a robust quality assurance system that ensures excellence, transparency, integrity and adherence to standards.
Our Values

The values of the University Council of Jamaica are embedded in the following:

- **HOLISTIC GROWTH**
  The Council is committed to the growth and development of individuals, tertiary institutions and communities towards a culture of quality.

- **INTEGRITY AND ETHICS**
  The Council believes in objectivity, honesty, the establishment of trust and confidentiality while consistently operating in an ethical manner.

- **EXCELLENCE**
  The Council believes in the attainment of high quality standards in all aspects of its work.

- **TRANSPARENCY**
  The Council will always exhibit openness and fairness in its operations.

- **SERVICE**
  The Council is committed to providing high quality services to all its stakeholders.

- **RESPECT**
  The Council believes in and values the diversity of its stakeholders.
Functions

The University Council of Jamaica is the External Quality Assurance Agency for tertiary education in Jamaica. The UCJ also functions as an awards and academic development body for tertiary institutions and programmes in Jamaica. The following are the main functions of the UCJ:

1. To register institutions offering tertiary education to ensure that certain minimum standards are met with respect to:
   - governance of institutions;
   - management of institutions – strategic, operational and financial;
   - programme management – process for development, approval and review of programmes, and monitoring of academic standards;
   - the overall management of quality within institutions;
   - adequacy and suitability of physical facilities with regard to student enrolment and programmes offered;
   - scope, appropriateness and educational value of institutional programmes and experiences;
   - qualifications, competence and adequacy of staff – academic (faculty), administrative and technical;
   - adequacy of learning resources, for example, libraries, computer facilities and laboratories, to support programmes; and
   - other operational factors.

2. To provide accreditation for degree and specialised programmes, as well as, for institutions by:
   - establishing and applying criteria for the accreditation of tertiary/higher educational programmes and institutions;
   - guiding tertiary institutions in the development of their internal quality assurance systems;
   - assisting tertiary institutions in the improvement of their educational offerings; and
   - encouraging and facilitating the development and delivery of programmes relevant to national needs.

3. To assist in the development of tertiary institutions by providing professional advice and services for the development and improvement of programmes.

4. To develop, on an on-going basis, threshold standards for different levels of qualifications in various disciplines, at the tertiary level.

5. To award degrees, diplomas and certificates to students who have pursued approved programmes of study at approved tertiary institutions in Jamaica.

6. To study current issues in post-secondary education with a view to maintaining and improving educational standards.

7. To establish equivalence and facilitate local recognition of foreign qualifications.

8. To assure the quality of programmes being offered in Jamaica by foreign institutions.

9. To provide appropriate public information about the institutions and programmes registered and accredited by the Council.

10. To act as the national information centre for Jamaican tertiary qualifications.

11. To co-ordinate the activities of the Joint Committee for Tertiary Education (JCTE).
Ambassador the Hon. Burchell Whiteman, OJ

Chairman

The University Council of Jamaica (UCJ) is the standard bearer for quality assurance in tertiary education in Jamaica.

During the period under review, the UCJ continued to make an impact both regionally and internationally through its membership of the Caribbean Area Network for Quality Assurance in Tertiary Education (CANQATE); the Council for Higher Education Accreditation (CHEA); and the International Network for Quality Assurance Agencies in Higher Education (INQAAHE).

The UCJ’s engagement with quality assurance and higher education bodies has been instrumental in mapping the organisation’s strategic approach in order to operate effectively in a globalised environment, and to respond to the diverse needs of stakeholders.

In its capacity as the nation’s External Quality Assurance Agency (EQAA), the UCJ embraced its developmental role and remained committed to fostering quality enhancement within the Jamaican tertiary education landscape. The UCJ utilised its main public education activity, the “Annual Quality Assurance in Tertiary Education Week” as one of the channels to achieve this. The week of activities was geared toward providing stakeholders with greater clarity on the role of the UCJ, and a deeper understanding of quality assurance issues in tertiary education.

A robust discussion ensued in the international tertiary education community regarding whether graduates possess the skills and attributes to perform effectively in the workplace. This led to the UCJ’s exploration of the issue of graduate employability on a local level. The UCJ piloted a research project entitled: Workplace Skills and Attributes: Employers’ Expectations and Students’ Perceptions. The preliminary findings were presented at the UCJ’s Students’ forum during the 11th Annual Quality Assurance in Tertiary Education Week.

As the UCJ continues to play its part in the growth and development of our nation, I would like to use this opportunity to acknowledge the contribution of Dr Yvonnette Marshall, the Executive Director, and her team of dedicated staff, who have consistently demonstrated high levels of commitment to the UCJ, and to best practice principles for quality assurance in the tertiary sector.

I also wish to place on record my thanks and appreciation to my fellow Council members for their support and contribution to the work of the UCJ, and who selflessly serve Jamaica Land We Love.
Executive Director’s Statement

Dr Yvonnette Marshall, Ed. D,
Executive Director

During the period under review, the UCJ strengthened its internal processes and staff complement as it continued to deliver on its mandate.

As part of its developmental role, the UCJ supported tertiary institutions through the provision of professional and technical advice, workshops and seminars. This was largely achieved via ongoing meetings and discussions, and the UCJ’s Annual Quality Assurance in Tertiary Education Week of activities.

The UCJ conducted several institutional visits with respect to accreditation and recognition. The number of accredited programmes have increased steadily year-on-year, from 214 in 2010/2011 to 285 in 2015/2016.

The first ever Certificates of Programme Recognition were presented to overseas-based, Walden University, at the UCJ Awards Ceremony in March 2016, during Quality Assurance in Tertiary Education Week.

The UCJ continued to build on its stakeholder relations programme and made links with both local and international organisations, including: the Consumer Affairs Commission; the Jamaica Library Service; the Jamaica Employers’ Federation; the Human Resource Management Association of Jamaica (HRMAJ); the European Association for Quality Assurance in Higher Education (ENQA); and the European Quality Assurance Register for Higher Education (EQAR). The UCJ intends to build on these links during the 2016/2017 financial year.

The UCJ launched its Facebook page in March 2016, at its Students’ forum, and its new website is due to be launched in August/September 2016, as part of the drive to communicate more widely with stakeholder groups.

It has been another hectic year for the UCJ, as the agency moved one step further to implementing a new Performance Management and Appraisal System (PMAS). PMAS is scheduled to be introduced at the UCJ during the 2016/2017 financial year.

I would like to take this opportunity to thank the institutions for their support during a challenging year, the Council members who provided guidance and wise counsel, the dedicated team of assessors, and the UCJ staff who continue to advance the cause of quality assurance in tertiary education in Jamaica.
Quality Assurance in Tertiary Education Week 2016

The University Council of Jamaica (UCJ) celebrated its 11th Annual Quality Assurance in Tertiary Education Week (March 7-11, 2016), under the theme “Assuring Quality in Programme Outcomes: Imperative for Graduate Effectiveness.”

The week is an opportunity for the UCJ to inform and educate stakeholders about quality assurance issues in tertiary education, and to assist in the development of tertiary institutions, by providing meaningful training to promote quality enhancement.

UCJ trains Assessors and Accreditation Officers
The UCJ trained approximately 50 assessors and accreditation officers during a workshop at the Mona Visitors’ Lodge and Conference Centre on Monday, March 7, 2016.

The workshop, chaired by Professor Trevor Gardner, President, Northern Caribbean University (NCU), was held under the theme “Assuring Quality in Programme Outcomes: The Role of the Assessor”.

The workshop included a presentation on “External Quality Assurance Principles and Procedures” made by Dr Yvonnette Marshall, Executive Director. Ms Grace Gordon, Director of Accreditation, presented on “The Role of the Assessor” and “Writing the Evaluation Report”. Three experienced UCJ assessors: Dr Felix Akinladejo, MPhil Coordinator, Faculty of Engineering and Computing, University of Technology (UTech), Jamaica; Dr Eva Lewis Fuller, former Chief Medical Officer of Jamaica; and Dr Jean Dixon, retired Permanent Secretary, Ministry of Health shared presentations on Preparing for the Visit, Writing the Report and Examining the Governance Criteria.

The day’s activities also included a panel discussion moderated by Dr Carol Gentles, UCJ Council member, and a group activity that required participants to review two sample reports, identifying areas for improvement.

“Hard Talk” for Institutions
More than 100 Curriculum Developers, Deans, Faculty, Programme Directors/Co-ordinators and Quality Assurance Officers participated in the UCJ’s Workshop for Institutions- “Hard Talk”, chaired by Rev Dr Gordon Cowans, Principal, Knox Community College. The event was held at the Knutsford Court Hotel in Kingston on Tuesday, March 8, 2016.

The main feature of the workshop was a panel discussion on the theme, “Assuring Quality in Programme Outcomes: Imperative for Graduate Effectiveness”. The discussion, moderated by Dr Christopher Clarke, Principal, Shortwood Teachers’ College, examined the key requirements for graduate effectiveness, and the links between the identification of student learning outcomes, effective curriculum development, and effective graduates.
“Hard talk” offered institutions the opportunity to have open dialogue with each other and the UCI, regarding the common challenges they face. Institutions were also able to get clarity on matters relating to some of the UCI’s processes. Greetings were received from Dr Yvonnette Marshall, and Ambassador, the Hon. Burchell Whiteman, Chairman of the Council.

Assessing and Improving the Financial Health of Universities and Colleges

Presidents, Principals, Chief Financial Officers and Bursars from tertiary institutions across the island participated in the UCI Seminar on Assessing and Improving the Financial Health of Universities and Colleges, held at the Mona Visitors’ Lodge and Conference Centre on Thursday, March 10, 2016.

The seminar, chaired by Mr Joseph Taffe, UCI Council member, included a presentation on “Financial Management in Tertiary Institutions: Issues and Challenges”, delivered by Mr Archibald Campbell, Chief Financial Officer/University Bursar, the UWI. Mr Dwight Walters, Manager of Pensions, Projects & Commercial Operations, the UWI, addressed "Assessing Financial Health Using the Composite Financial Index (CFI)".

Greetings were received from Dr Yvonnette Marshall, and Ambassador, the Hon. Burchell Whiteman, Chairman of the Council.

The discussion during the seminar focused on the translatability of the CFI to colleges and universities in Jamaica in light of the challenging economic environment in which the institutions operate. Audited financial statements and the elements which contribute to the CFI calculations were also explored.

The seminar closed with a lively vote of thanks from Dr Nicholeen DeGrasse-Johnson, Principal, Edna Manley College of the Visual and Performing Arts

Overseas university receives Certificates of Programme Recognition

Representatives from the Jamaican tertiary education community were on hand at the Mona Visitors’ Lodge and Conference Centre, on Thursday, March 10, 2016, to witness the UCI present the first ever Certificates of Programme Recognition to overseas-based, Walden University.
Students discuss workplace skills and attributes at UCJ forum

More than 130 students representing 14 tertiary institutions attended a lively Students’ Forum at the Mico University College on Friday, March 11, 2016.

The forum was held under the theme “Workplace Skills and Attributes: Employers’ Expectations and Students’ Perceptions.” Greetings were received from Mr Errol Holmes, representative from the Human Resource Management Association of Jamaica, HRMAJ.

Dr Jessica Dunn and Dr Gareth Phillips, Accreditation Officers with the UCJ, presented the findings of a preliminary study carried out with members of HRMAJ; and final year undergraduate students from a local tertiary institution.

The study identified the skills and attributes students need to develop and hone, in order to enter the job market and be successful in their career. The results from the study suggest that employers, when hiring recent graduates, place importance on communication skills; emotional intelligence; personal appearance and deportment; and the level of knowledge and skills specific to the graduates’ chosen career; the accreditation status of the programmes from which graduates have come, and the practical experience students have in the area of employment.

Employers’ expectations of skills and attributes required for the workplace were ranked as follows: working with others in a team; coping with stressful situations; intellectual ability and intelligence; honesty, accountability and ethical standards; and taking responsibility. Several other factors were considered important including: students’ academic achievements; and knowledge and skills beyond the areas of employment.

There were similar patterns in relation to what students perceived to be some of the key factors employers valued as important when hiring, however, ranked in a different order. These were: knowledge and skills specific to their chosen career; communication skills; the accreditation status of the programmes; emotional intelligence; and academic achievement.

Students’ perceptions of the skills and attributes for the workplace were: having a positive attitude towards work; working with others in a team; honesty, accountability and ethical standards; critical thinking and reasoning skills; and taking responsibility. The forum concluded with a robust panel discussion on the findings.
Registration, Accreditation, Recognition and Programme Readiness Assessment Activities

During the financial year, April 2015 to March 2016, the University Council of Jamaica (UCJ) continued to execute its mandate to assure quality in the Jamaican tertiary education sector through quality assurance processes - Registration of institutions and Accreditation of programmes of study. During the period, for the first time, the UCJ reviewed overseas programmes, delivered fully online (100 percent), for recognition.

Registration, which is the first step towards the accreditation of programmes offered by an institution, is the process whereby the UCJ evaluates, and as appropriate, approves and registers an institution as a tertiary level institution, indicating that it meets certain minimum operating standards required for the conduct of tertiary education in Jamaica.

Programmatic Accreditation is the process whereby the UCJ evaluates programmes of study against stated criteria for such programmes, and as appropriate, approves and accredits programmes, indicating that the programmes have been found to meet the required standards.

The Quality Assurance processes of the UCJ are developmental, where registered institutions are considered to have embarked on a path of continuous self-analysis and improvement, at both the institutional and programmatic levels.

Visits Conducted
The UCJ conducted a number of institutional visits with respect to accreditation and recognition during the year under review. Focus was placed on ensuring that submissions were appropriately completed, and that the institutions and programmes were assessed against established guidelines.

In order to ensure that required standards had been attained and were being maintained, the UCJ also monitored the registered institutions and accredited programmes.

Twenty-three (23) visits were conducted to fifteen (15) institutions to review fifty-nine (59) programmes and four (4) short courses. Some institutions had repeat visits, as several programmes were evaluated and there were also visits to extension sites. Institutions that had repeat visits included: Edna Manley College of the Visual and Performing Arts (3), Portmore Community College (2) and the Vocational Training and Development Institute (2). Institutions with extension sites included the College of Agriculture, Science and Education, the Knox Community College and the Portmore Community College.

Of the 59 programmes, for which visits were conducted during the 2015 – 2016 year, four were reviewed for recognition.

The programmes and short courses reviewed were in a number of disciplines inclusive of: Agriculture, Arts Management, Business, Dance, Education, Engineering, Environmental Science, Hospitality & Tourism Management, Management, Music, Procurement, Psychology and Visual Art.

No registration visits were conducted during the period under review. The number of registered institutions, as at March 31, 2016 was 42.
Council Decisions on Accreditation and Recognition

During the period under review, the Council deliberated and took decisions on forty-eight (48) programmes, forty-four (44) of which were granted accreditation/re-accreditation and four (4) programmes were granted recognition.

The programmes that were granted accreditation/re-accreditation comprised the following:

- Doctoral degree - 1
- Masters degrees - 7
- Bachelors degrees - 28
- Associate degrees - 6
- Postgraduate diploma - 1
- Undergraduate diploma - 1

The programmes that were accredited/re-accredited include the following disciplines – Business Administration/Studies, Counselling Psychology, Divinity, Education, Environmental Science, Human Resource Management, Information Technology, Library Studies, Marketing, and Theology. The institutions at which programmes were accredited/re-accredited included private and public local institutions, as well as overseas institutions.

Programmes Granted Accreditation/Re-Accreditation and Recognition During the Year in Review:

1) Caribbean Graduate School of Theology
   - Master of Arts in Theological Studies
   - Master of Arts in Interdisciplinary Studies
   - Master of Arts in Counselling Psychology
   - Master of Divinity
   - Master of Business Administration

2) Catholic College of Mandeville
   - Bachelor of Education (Primary)

3) Excelsior Community College
   - Associate of Science in Library Studies

4) Jamaica Theological Seminary
   - Bachelor of Arts in Theology
   - Bachelor of Arts in General Studies
   - Bachelor of Social Work
   - Bachelor of Arts in Guidance and Counselling

5) Knox Community College
   - Bachelor of Science in Environmental Studies
   - Associate of Science in Environmental Studies
   - Associate of Science in Management Information Systems

6) Montego Bay Community College
   - Associate of Science in Business Studies
   - Bachelor of Science in Business Studies
   - Applied Associate of Science in Architectural and Construction Technology

7) The Mico University College
   - Bachelor of Education, Secondary with Specialisations in:
     1. Library and Information Studies
     2. Language and Literacy
     3. Language and Literature
     4. Physical Education
     5. Social Studies
     6. Geography and Environmental Studies
     7. Music
     8. Industrial Technology
     9. Visual Arts
     10. Science (Physics, Chemistry and Biology)

8) Northern Caribbean University
   - Master of Arts in Education
   - Bachelor of Arts in English
   - Doctor of Philosophy in Education

9) St Mary’s University of Minnesota
   - Master of Education in Teaching and Learning

10) University College of the Caribbean
    - Bachelor of Science in Business Administration
    - Bachelor of Science in Information Technology
    - Bachelor of Science in Human Resource Management
    - Bachelor of Science in Marketing
The University Council of Jamaica

Council Decisions on Programme Readiness Assessment
The Programme Readiness Assessment Policy was developed to ensure that new programmes are fully developed prior to delivery and that they meet the appropriate standards for tertiary level programmes. The Policy will become effective in September 2016; however, five (5) institutions willingly submitted sixteen (16) programmes for review. Nine (9) of the submissions were returned for revision.

During the period under review, one (1) programme from the Excelsior Community College was evaluated and declared “Ready for Delivery”.

Council Decisions on Registration
Council also considered the registration applications of three (3) institutions and registration was granted. The institutions were:

1) The Hydel College
2) International University of the Caribbean
3) Sigma College of Nursing and Applied Sciences

A full listing of accredited programmes and registered institutions and training units is given in Appendix C.

11) University of Technology, Jamaica
- Bachelor of Science in Dietetics and Nutrition
- Bachelor of Science in Land Economy and Valuation Surveying
- Bachelor of Science in Hospitality & Tourism Management
- Bachelor of Science Food Service Management
- Bachelor of Science in Computing
- Bachelor of Business Administration with specialisations in:
  1) Accounting
  2) Administrative and Information Systems Management
  3) Finance & Banking
  4) General Management
  5) Production & Operations Management
  6) Human Resource Management
  7) Marketing

12) Vocational Training Development Institute
- Post Graduate Diploma in Education and Training
- Diploma in Information and Communication Technology

13) Walden University (Recognition)
- Master of Science in Early Childhood Studies
- Master of Science in Education
- Master of Science in Instructional Design and Technology
- Doctor of Education

Guidance, advice, and training, with a view to ensuring that they stay on the path of continuous development and improvement. This facilitates capacity building for the institutions.

Capacity Building
The UCI continued its thrust in capacity building of its internal and external stakeholders in the reporting period. A training workshop on ‘Assuring Quality in Programme Outcomes: The Role of the Assessor’ was held for Assessors and Accreditation Officers in March 2016, during Quality Assurance in Tertiary Education Week. In addition, there was ongoing training for the Assessors prior to each visit and the Accreditation Officers participated in several webinars, which covered various aspects of Quality Assurance.

A Workshop for Institutions was also held during Quality Assurance in Tertiary Education Week 2016 under the theme “Hard Talk - Assuring Quality in Programme Outcomes: Imperative for Graduate Effectiveness.” During the Week, there was a Seminar too for Presidents and Board Chairs on ‘Assessing the Financial Health of Universities and Colleges’. In addition, during the year, training and informational meetings were held with individual institutions.
Summary

The activities of the accreditation unit for the period April 1, 2015 – March 31, 2016 are summarised in Table 1.

Figure 1: Growth of Accredited Programmes
The University Council of Jamaica Act 1987 gives authority to the Council to confer degrees on those who have pursued courses approved by the Council at associated Institutions.

The UCJ approved degrees are conferred on graduates of approved programmes offered by institutions that do not have degree granting powers. The UCJ currently reserves this provision for government institutions only.

The following institutions continued to offer UCJ approved degrees during the period under review.

**G.C. Foster College of Physical Education and Sports**
During the 2015 -2016 year, the UCJ conferred the Bachelor of Physical Education Degree on 68 students. This degree has been approved since 1995.

**The Mico University College**
During the 2015 -2016 year, the UCJ conferred degrees on a total of 46 students from The Mico University College. Three approved degrees are offered at the University College:
- Master of Arts in Teaching
- Bachelor of Education (School Management and Leadership)
- Bachelor of Science in Guidance Counselling

**Vocational Training Development Institute (VTDI)**
The UCJ conferred the Bachelor of Science in Career Development, and the Bachelor of Science in Information and Communication Technology on 10 and 40 students respectively in 2015.

Awarding Degrees
Developing Standards

Quality must be guided by standards. Development of academic standards by the UCJ is achieved through the work of established Standards Committees. The UCJ has established Standards Committees in the following areas:

- Business Studies
- Engineering
- Fine Arts
- Hospitality and Tourism
- Computing
- Physical Education
- Sciences
- Teacher Education
- Distance Education
- Counselling and Psychology
- Social Work

The UCJ-developed Standards are threshold guidelines for tertiary institutions for the development of new programmes and to improve existing programmes, in order to promote quality and maintain standards in the provision of tertiary education in Jamaica. The Standards are aligned with international standards and provide important guidelines for institutions that seek to have their programmes accredited by the UCJ.

Standards for five of the 11 disciplines, developed, are now being revised and are at different stages of completion. The standards being revised relate to:

- Teacher Education
- Computing
- Sciences
- Business and Management
- Engineering

The Social Work Standards Committee was established in January 2016. This Committee is chaired by Dr Peta Anne Baker, Senior Lecturer, The University of the West Indies, Mona Campus.

The UCJ’s Guidance and Counselling Standards for a Bachelors Degree, and the Standards for Distance Education are available for purchase from the UCJ.

Draft Standards for a Bachelors Degree in Psychology have been circulated to the relevant stakeholders for comments and feedback. It is intended that the Standards will be finalised and published during the 2016/2017 financial year.

The UCJ-developed standards continue to contribute significantly to the development of a quality culture within Jamaican tertiary institutions.
Assessment of Credentials

The UCJ functions as the national information centre for local, regional, and international tertiary institutions and qualifications. Individuals, key stakeholders, and personnel from international, regional, and local organisations regularly call on the expertise of the UCJ in the relation to the recognition of local and foreign institutions and credentials to support the hiring or admission decisions of employers, regulatory bodies, and educational institutions.

Services include:

- Determination of equivalence of foreign qualifications
- Assessment of credentials for CSME Certificate of Recognition
- Provision of information concerning recognition of institutions and programmes, locally, regionally, and internationally
- Provision of statements of recognition for local and foreign qualifications

Against the background of concerns about the quality of some online programmes, the UCJ reviewed its policy regarding the recognition of qualifications obtained via distance learning/online. Overseas institutions that are delivering programmes 100 per cent online are now required to have their programmes assessed by the UCJ against local standards for recognition in Jamaica.

The processing of applications for the recognition of qualifications obtained via distance learning/online is being managed on a case by case basis, where the programme has not been granted recognition status in Jamaica.

For the period under review, 260 applications for the evaluation of credentials and assessment of qualifications to support applications for the CARICOM Skills Certificate were received. These included high school diplomas, undergraduate and graduate degrees, and professional certification originating from countries such as, the United Kingdom, USA, Nigeria, Cuba, Germany, Canada, Italy, Ghana, Peru, Belgium, Hungary, France, Spain, and the Caribbean. In addition, over 1,000 queries were received and processed via telephone calls, e-mails, and walk-in customers.

RESEARCH ACTIVITIES

The UCJ continued to conduct research, share findings, and engage in scholarly activities related to quality assurance in tertiary education.

During the period under review, the UCJ conducted a preliminary study carried out with members of the Human Resource Management Association of Jamaica, HRMAJ; and final year undergraduate students from a local tertiary institution. The study identified the skills and attributes students need to develop and hone, in order to enter the job market and be successful in their career.

The findings of this first phase were shared at a Students’ forum on Friday, 11 March, organised as part of the UCJ’s 11th Quality Assurance in Tertiary Education Week activities. Data will be collected from a wider cross section of employers and students from various tertiary institutions across the island during the 2016/2017 financial period.
The Joint Committee for Tertiary Education

During the period under review, the Joint Committee for Tertiary Education (JCTE) increased its visibility among its member institutions and the wider academic community. This has been achieved largely through the collaborative leadership of the JCTE’s Executive Committee led by Dr Cecil Cornwall, Chairman and a team of dedicated lecturers who serve on its subcommittees.

The members of the Executive Committee include:

- Dr Cecil Cornwall, Chairman
- Mrs Yvonne Clarke, Vice Chairman
- Mr Philmore McCarthy, Treasurer
- Mrs Claudeth Fletcher, Secretary
- Dr Joyce Graham-Royal, Executive Member
- Dr Fritz Pinnock, Executive Member
- Dr Trevor Gardner, Executive Member
- Professor Colin Gyles, Executive Member
- Dr Troy McGrath, Executive Member
- Dr Yvonnette Marshall, Ex-officio Member
- Dr Winston Adams, Ex-officio Member

The JCTE has four sub-committees, which ensure the active involvement of member institutions in order to achieve the JCTE’s mission. The sub-committees are:

- Capacity Building and Services led by Mrs Yvonne Clarke
- Finance & Administration led by Mr Philmore McCarthy
- Conference & Forums led by Dr Cecil Cornwall
- Advocacy, Public Relations and Membership led by Dr Fritz Pinnock

Throughout the review period, the JCTE increased its reach through institutional capacity building and advocacy. A noteworthy achievement is the introduction of the Occupational Certification Project, which will provide a pathway for TVET levels 2 & 3 graduates to access tertiary level training towards the Occupational Associate Degree. The initiative is now poised to be implemented in tertiary institutions across the island with a first intake of 500 students.

In 2015, the Joint Committee for Tertiary Education:

- Participated in a strategic planning process led by Mr Robert Wynter, Managing Director of Strategic Alignment Limited. This resulted in the existing JCTE Strategic Plan.
- Hosted its "Transformational Leadership: Enhancing High Performance in Tertiary Institutions" Conference 2015, which provided a forum for educators to learn and share current issues impacting tertiary education. The event was held at the Holiday Inn Resort in Montego Bay from December 9-10, 2015.
- Hosted the inaugural lecture of the Dr Ethley London Lecture Series and Professional Development Day for Educators
- Hosted the inaugural lecture of the Dr Nadine Scott Lecture Series and Professional Development Day for Tertiary Students.
Human Resource and Administration Unit

During the review period, the Human Resources and Administration Unit continued to serve the UCJ by implementing measures that will advance the long-term growth and development of the organisation. Notable measures implemented during the 2015-2016 fiscal year include:

- Signing of a Memorandum of Agreement (MOA) with the Urban Development Corporation (UDC) for the construction of a new office building
- Completion of the restructuring exercise (first phase) and approval to fill the vacancies for all new posts
- Pre-implementation activities for the Performance Management and Appraisal System (PMAS)

MOA - Design and Construction of New Office Building

On Tuesday November 10, 2015, the UCJ and the UDC signed a Memorandum of Agreement at a ceremony for the design and construction of an office complex at 31 Windsor Avenue, Kingston 10. The projected cost of the project is One Hundred and Seventy Seven Million Dollars ($177,000,000.00). The estimated completion time for the project is April, 2017. The UCJ currently rents office space from the HEART Trust NTA, however, the growth and additional projected expansion of the UCJ has resulted in a situation where there is a significant space constraint which threatens to affect operations. This should however, be resolved with the construction of the new building, which will see the UCJ being housed in an office space of 6,000 square feet (first floor) in addition to 6,500 square feet (ground floor) of leasable space.

Organisational Changes/Restructuring

The 2015/2016 financial year saw the implementation of several changes to its organisational structure. During the period, a total of eight new posts were filled (internally and externally) and a total of two upgraded posts were filled as under:

**New Posts**

- Senior Human Resources Officer
- Accreditation Officer – 2
- Accounts Receivable Officer
- Records Manager
- Records Management Officer
- Senior Programmes Officer
- Public Relations and Communications Officer

**Reclassified Posts**

- Director, Human Resources and Administration
- Customer Service Representative

The following new members of staff joined the UCJ during the period under review:

- Miss Michelle Williams, Senior Human Resource Officer
- Mrs Kenisha Blair-Walcott, Director, Human Resources and Administration
- Miss Tiffaney Hinds, Assistant Accountant
- Miss Tushan Wilson, Accounts Receivable Officer
- Dr Gareth Phillips, Accreditation Officer
- Dr Jessica Dunn, Accreditation Officer
- Miss Ollyvia Anderson, Public Relations and Communications Officer
- Miss Stacey-Ann Lewin, Records Management Officer

Miss Cecile Thompson, Senior Secretary, retired from the Council in November, 2015. Both Miss Thompson and Miss Grace Gordon who retired in the previous fiscal year were honoured at the UCJ’s Annual Christmas Luncheon in December 2015.
Records Management Programme
The Records Unit was established in September 2015. The following steps were taken to implement the UCJ’s records management programme:

- A records management committee was formed in August 2015
- A sensitisation session for staff was conducted in October 2015
- An organisation-wide inventory of the UCJ’s records was conducted
- A records classification and storage process has been implemented
- The organisation’s records management policies and procedures; records retention and Disposition Authority (schedule) and the Records Classification Scheme were drafted
- The process of enclosing all institutional correspondence commenced and is expected to be completed during the 2016/2017 financial year

Performance Management and Appraisal System (PMAS)
The UCJ recognises that effective performance management is key toward fostering excellence in the organisation. In September 2015, the first step was taken to implement the new Performance Management and Appraisal System (PMAS). This involved a meeting with a representative from the Cabinet Office to discuss the UCJ’s PMAS implementation plan. Following this dialogue with the Cabinet Office, PMAS pre-implementation activities were facilitated. These include:

- Establishment of a Core Project Team
- Training and sensitisation of members of staff
- Ongoing communication to staff regarding PMAS via the internal UCJ Update
- Preparation of Unit plans

The programme is scheduled for implementation in the 2016/2017 financial year.

Teambuilding Retreat
The management and staff of the UCJ participated in the third annual team building retreat from May 21-22, 2015 at the Riu, Ocho Rios in St. Ann. Presentations were delivered on Reputation Management, and Team-building in the Presence of Dynamic Change. The majority of staff expressed general satisfaction with the outcomes of the retreat.

Training and Professional Development
During the fiscal year, a number of training and development initiatives were undertaken in keeping with the mandate of the UCJ. Staff participated in conferences, webinars and seminars including:

1. INQAAHE Conference
2. CANQATE Conference and Webinars
3. The International Quality Assurance Programme hosted by the Quality Assurance Agency (QAA) UK
4. CHEA Conference and International Quality Group
5. Global Digital Marketing Conference
6. Stress Management Seminar
7. Health Insurance Benefits Sensitisation Session
8. Procurement Sensitisation Session
10. Pension Seminar
11. PMAS training
12. Team-building retreat
13. Developing a Quality Culture
The Information Technology Unit continued to underpin the operational effectiveness of the UCJ through the management of the IT assets and the provision of technical support across both the Oxford Road (Head Office) and the Windsor Avenue sites.

During the period under review, the unit provided technical support and advice for:

- The development of the UCJ’s website
- All workstations
- The Avaya telephone system
- The installation and maintenance of IT assets
- Laptops and mobile devices
- The purchasing of office equipment

The IT Unit facilitated the smooth running of meetings and activities including:

- Training
- Staff Orientation Sessions
- Webinars
- The 11th Annual Quality Assurance in Tertiary Education Week of activities

An IT audit was commissioned in March 2016, and the UCJ is in the process of documenting all IT procedures.
The University Council of Jamaica

The University Council of Jamaica

National and Regional Activities

Delegates at the 12th annual Caribbean Area Network for Quality Assurance in Tertiary Education (CANQATE) Conference in St Kitts and Nevis.

The UCI continued to participate in national and regional initiatives including:

- The National Qualification Framework Working Committee that is being spearheaded by the Jamaica Tertiary Education Commission (J-TEC)
- The Committee overseeing the development and implementation of the Jamaica Research and Educational Network (JREN)
- The CARICOM-CANADA Trade and Development Agreement regarding Temporary Entry/Facilitation of Business Persons organised by the Ministry of Foreign Affairs and Foreign Trade
- The Caribbean Area Network for Quality Assurance in Tertiary Education (CANQATE) activities
- The Ministry of Education Tertiary Transitioning Committee formed in July 2015, to address issues affecting the tertiary education sector
- The National Working Group on International Migration & Development Data, Research and Information Systems Sub-Committee facilitated by the Planning Institute of Jamaica (PIOJ)

CANQATE Board Meeting
Dr Angela Penny, Director, Research and Development, participated in the CANQATE Board Meeting in St Kitts and Nevis from July 29 - 30, 2015. The meeting also included a site visit to the location for the 12th Annual CANQATE conference and meeting which was held in October 2015.

12th Annual CANQATE Conference, St Kitts and Nevis
The 12th annual CANQATE conference and meeting was held in St Kitts and Nevis, from October 8-9, 2015, under the theme "Quality Assurance and Socioeconomic Development in a Global Environment: Regional and International Perspectives".

12th Annual CANQATE Conference, St Kitts and Nevis
The 12th annual CANQATE conference and meeting was held in St Kitts and Nevis, from October 8-9, 2015, under the theme "Quality Assurance and Socioeconomic Development in a Global Environment: Regional and International Perspectives".
Dr Angela Penny, former Vice President of CANQATE; was elected Regional Representative North; and Mrs Lisa Henlin, Accreditation Officer, was elected as Board Member for the term 2015–2017, at the Annual General Meeting.

The Conference, hosted by the St Kitts and Nevis Accreditation Board and the Ministry of Education, with the support of a number of private and public sector partners, included a series of concurrent workshops and plenary sessions.

Topics addressed at the conference included: Quality in Cross Border Education; Quality Assurance in Higher Education and Competitiveness; Investing in Quality Assurance in Higher Education; Quality Assurance as the Driver of Excellence in Education and Economic Sustainability in Tertiary Education (Medical Education), in the Changing Landscape of the Sector; the Quality Stamp of Approval; and Student Assessment as a Measure of Quality in an Accountability Framework.

**CANQATE Webinar Series**

UCJ Accreditation and Programme officers participated in three webinars hosted by CANQATE during the period under review. These were:

- Writing Effective Learning Outcomes- April 28, 2015
- Assessing Learning Outcomes- May 26, 2015; and
- International Quality Principles- August 3, 2015

**Presentations**

Dr Yvonnette Marshall, Executive Director, made a presentation on “The Challenges and Issues Regarding Quality in TVET” at the HEART TRUST/NTA TVET Symposium held on December 3, 2015 at the Wexford Hotel in Montego Bay, Jamaica. The symposium was held under the theme “Quality TVET for Sustainable Development.”

Dr Marshall also presented a paper entitled: “What’s in a degree?” to delegates at the Council of Community Colleges of Jamaica’s (CCCI) annual conference held in Montego Bay, St James on Thursday, January 7, 2016.
International Linkages and Activities

The UCJ maintained its linkages with international organisations including:

- The International Network for Quality Assurance Agencies in Higher Education (INQAAHE)
- The United Nations Educational, Scientific and Cultural Organisation (UNESCO)
- The Council for Higher Education Accreditation (CHEA), USA
- NAFSA: Association of International Educators
- The Commonwealth of Learning (COL)
- National Academic Recognition Information Centre (UK NARIC) for the United Kingdom
- The Association of Specialized and Professional Accreditors (ASPA)
- Association of Caribbean Tertiary Institutions (ACTI)

Links and contacts were also made with other quality assurance and accreditation bodies worldwide including: the Southern Association of Colleges and Schools (SACS), USA; the Middle States Commission on Higher Education, USA; the Quality Assurance Agency (QAA), United Kingdom; the National Assessment and Accreditation Council (NAAC), India; the Australian Universities Quality Agency (AUQA) Australia; the European Association for Quality Assurance in Higher Education (ENQA); the Western Association of Schools and Colleges (WASC), USA; Northwest Commission on Colleges and Universities (NWCCU), USA; New England Association of Schools and Colleges (NEASC), USA; and the Higher Learning Commission (HLC), USA.

ACTIVITIES

**INQAAHE Board Meeting, Barcelona, Spain**

Dr Yvonnette Marshall, attended the International Network for Quality Assurance Agencies in Higher Education (INQAAHE) Board meeting in Barcelona, Spain, from November 7-8, 2015.

The Board, approved plans for the INQAAHE Forum, scheduled for May 22-24, 2016, in Fiji; revised the constitution; finalised the yearly calendar and ratified Board committees and working groups.

Ten sub-committees were named and each committee consists of a maximum of three Board members and one or two members from the general membership.

Dr Marshall chairs the Recognition sub-committee and serves on the Meetings and Events; and the Communications and Outreach sub-committees.

**IQAP Programme, United Kingdom**

Dr Yvonnette Marshall, Executive Director, and Dr Gareth Phillips, Accreditation Officer, took part in the International

The IQAP attracted representatives from ministries of education, higher education institutions, and quality assurance agencies from Azerbaijan, Bahrain, Qatar, Hong Kong, China, Mexico, Morocco, Portugal, Sweden, and Jamaica.

The programme aimed to strengthen participants’ ability to comment on major contemporary issues facing quality improvement in education globally; to provide comparators to their own experiences; and acquire knowledge, and new skills for planning improvement of quality assurance within their organisations.

Participants were able to focus on quality assurance in higher education, specifically working with the UK Quality Code for Higher Education. The programme also included visits to two universities: the London South Bank and the London Metropolitan University, where participants met quality assurance officers to learn about the operative systems and practices within these institutions.

Annual CHEA Conference and CIGQ Meeting

Dr Yvonnette Marshall, and Mr Richard Rose, Director, Communications and Public Education, attended both events.

The plenary and concurrent sessions included discussions on managing student aid; consumer protection from rogue institutions; graduation and completion rates; programme and student learning outcomes; establishing benchmarks; and the growth of non-traditional providers and online education.

The CIGQ meeting under the theme “Quality Assurance and Accreditation: Multiple Demands; Multiple Challenges” opened with a presentation from Dr Dirk Van Damme, Head of the Innovation and Measuring Progress Division, the Organisation for Economic Cooperation and Development (OECD).

Dr Van Damme said that there is an “explosion of demand” taking place in parts of the world where quality assurance systems are much younger and their capacity is being challenged. He indicated that in 2013, there were 140 million students and by 2030, there is likely to be between 300-400 million based on current trends.

Dr Van Damme noted that there was greater student mobility, with over 50 per cent of the students coming from Asia; an increase in the cost of education; and the need for institutions to demonstrate more than in previous years, that a degree from their institution was worth the investment.

The CIGQ annual meeting closed with Dr Judith Eaton, President of CHEA, inviting delegates to work more closely with CHEA through the signing of a new Memorandum of Affiliation (MoA).
During the period under review, the UCJ took part in several public education and stakeholder events, including the Dr Nadine Scott Lecture Series and Professional Development Day, hosted by the JCTE at the G.C. Foster College of Physical Education and Sport in March 2016.

The UCJ was featured in a number of media articles. Three newspaper supplements containing the list of registered institutions and accredited programmes, and the services provided by the UCJ were produced. These were published in the Gleaner on Sunday, August 16, 2015; in the Observer newspaper and the Gleaner on Wednesday, March 9 and Thursday, March 10 respectively.

As part of the UCJ's drive to increase public awareness, the organisation continued to engage with stakeholders with a view to strengthening relations and exploring partnerships.

Stakeholder meetings and discussions to note include:
- The Jamaica Employers’ Federation (JEF);
- The Jamaica Library Service (JIS);
- Human Resource Management Association of Jamaica (HRMAJ);
- The Consumer Affairs Commission (CAO);
- Jamaica Copyright Licensing Agency (JAMCOPY);
- Caribbean Graduate School of Theology (CGST);
- Shortwood Teachers’ College;
- The University College of the Caribbean (UCC);
- The Chief Education Officer, Ministry of Education, Youth & Information (MOEYI);
- Management Institute of National Development (MIND);
- University of Technology, Jamaica (U-Tech);
- The Caribbean Maritime Institute (CMI);
- The Jamaica Institute of Financial Services (JIIFS);
- The Jamaica Tertiary Education Commission (J-TEC);
- The Mico University College;
- The Education Department, Anglican Diocese;
- Vector Technology Institute;
- The UCJ was represented at the Sectoral Presentation Press Conference, hosted by the Hon. Rev. Ronald Thwaites MP, Minister of Education;
- The unit also participated in the MOEYI’s Marketing/Communications Group and the Government Communicators meetings.
>>> Media Opportunities and Engagement

The UCJ continued to work with the media as part of its public education activities. Media engagement during the 2015/2016 financial year include:

- Two articles were published in the Gleaner in relation to the UCJ's online policy, December 2015;
- The June and December 2015 issues of the UCJ News were published;
- “Know before you enrol” guidance published in: The Sunday Observer (Career and Education Section) and The Sunday Gleaner (Arts & Education Section) in November 2015;
- The UCJ supported World Teachers’ Day by placing an advertisement in the Gleaner featuring a congratulatory message and a list of the services provided, October 2015;
- A letter to the editor of the Gleaner re: UCJ’s public education was published in May 2015;
- Media engagement with the Gleaner and the Observer regarding: the UCJ assessing programmes delivered 100 per cent online by overseas institutions;
- The UCJ Published an advert in the Knox Community College 40th Anniversary and Beyond Magazine;
- An article entitled: Why is accreditation important? was published in the Nex Generation Magazine, March - June 2016;
- An advertorial was published in the Nex Generation Magazine, March - June 2016.

The UCJ launched its Facebook Page!

The UCJ launched its official Facebook page. The page was unveiled during the 11th Annual Quality Assurance in Tertiary Education Week. Users can access the page at https://www.facebook.com/UniversityCouncilofJamaica

The page has up-to-date information including specialised tabs that provide users with the lists of registered institutions and accredited programmes, and advice and tips for those considering tertiary education. Users can look forward to regular updates from the UCJ via this channel.

UCJ internal update Issue 1, April 2015

The UCJ introduced a bi-monthly Internal Update for staff in April 2015, which is now a regular feature as part of the UCJ’s drive to improve internal communications. The internal update includes a commentary from the Executive Director; information on policy updates; staff training and development opportunities; meetings; key events; and general information relating to strategic and operational matters. 18 UCJ internal updates were published during the period under review.

>>> Quality Assurance in Tertiary Education Week Media Engagement

The UCJ celebrated its 11th Annual Quality Assurance in Tertiary Education Week (March 7-11, 2016), under the theme "Assuring Quality in Programme Outcomes: Imperative for Graduate Effectiveness."
The Communications team organised media opportunities to promote the 11th Annual Quality Assurance in Tertiary Education Week. Radio interviews were arranged with:

- **Nationwide 90 FM - Talking History** with Prof Verene Shepherd - on Saturday, March 5. This was rebroadcast on Sunday, March 6;
- **RJR 94FM - Jamaican Morning** with hosts Allan and Paula Ann on Wednesday, March 9;
- **Power 106 FM, Independent Talk** with host Althea McKenzie on Thursday, March 10 at 8:10 am.

**Print and Online Media headlines included:**

- UCJ stages Quality Assurance in Tertiary Education Week, March 7-11, The JIS, March 7;
- UCJ celebrates Quality Assurance in Tertiary Education Week, Go Jamaica.com, March 8;
- An eight-page UCJ newspaper supplement was published in the Observer of Wednesday, March 9;
- A 24-page UCJ newspaper supplement was published in the Gleaner on Thursday, March 10;
- 10 tertiary level institutions accredited for 35 courses; The Jamaica Observer, March 11;
- 10 Tertiary level Institutions accredited for 35 Courses, The JIS, March 11;
- U-Tech, NCU among 10 schools awarded course accreditation, The Gleaner, March 12;
- University Council of Jamaica accredits 16 schools, The Jamaica Observer Career and Education Section, March 13;
- Universities failing graduates, The Jamaica Observer, March 14;
- The Gleaner's Business Section included several UCI events ahead of the Week of activities;
- The UCJ's schedule of events was featured on the Jamaica Information Service's Calendar of Events.

**Contact was made with the following media houses to arrange interviews:**

- Television Jamaica: Smile Jamaica
- CVM at Sunrise
- NewsTalk FM: Straight Up and Evening Edition

REPORT OF THE INDEPENDENT AUDITORS
TO THE MEMBERS OF
THE UNIVERSITY COUNCIL OF JAMAICA

Report on the Financial Statements
We have audited the accompanying financial statements of The University Council of Jamaica which comprise the statement of financial position as at 31st March 2016, the statements of comprehensive income, changes in reserve funds and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory notes.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation of financial statements that give a true and fair view in accordance with International Financial Reporting Standards and with the requirements of The University Council of Jamaica Act, and for such internal controls as management determines is necessary to enable the preparation of financial statements that are free from material misstatements, whether due to fraud or error.

Auditors' Responsibility
Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance that the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence relating to the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity’s preparation of financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control.
REPORT OF THE INDEPENDENT AUDITORS
TO THE MEMBERS OF
THE UNIVERSITY COUNCIL OF JAMAICA

Auditors' Responsibility (cont'd)
An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion
In our opinion the financial statements, give a true and fair view of the financial position of the Council as at 31st March 2016, and of its financial performance, changes in reserves and its cash flows for the year then ended in accordance with International Financial Reporting Standards and the University Council of Jamaica Act.

We have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of our audit. In our opinion, proper accounting records have been maintained, so far as appears from our examination of those records, and the financial statements which are in agreement with the accounting records, give the information required for the purposes of the audit in the manner so required.

The accompanying notes form an integral part of the financial statements.
1. Identification:

The University Council of Jamaica was established by virtue of the University Council of Jamaica Act 1987. It is a statutory body currently under the portfolio of the Minister of Education with its registered office located at 6b Oxford Road, Kingston 5, Jamaica.

The main functions of the Council are:-

(a) To establish a registry of all approved tertiary institutions in Jamaica to ensure that certain minimum standards are met.

(b) To provide accreditation for degree and specialised programmes.

(c) To assist in the development of tertiary institutions by providing professional advice and services for the development and improvement of programmes.

(d) To award degrees, diplomas and certificates to students who have pursued such courses at approved tertiary institutions.

These financial statements are presented in Jamaican Dollars, which is the functional currency of the Council.

2. Adoption of Standards, Interpretations and Amendments:

The International Accounting Standards Board (IASB) issued certain new, revised and amended standards and interpretations, which became effective during the year under review. The Council has assessed and adopted those standards which are relevant to its operation. The new standards in effect are as follows:-

a) Standards, Interpretations and Amendments to published standards that are in effect:

Improvements to IFRS 2010–2012 cycle contains amendments to certain standards and interpretations and are effective for accounting periods beginning on or after July 1, 2014. The main amendments are as follows:

- **IFRS 13: Fair Value Measurement (Effective July 2014)**

  Clarifies that issuing IFRS 13 and amending IFRS 9 and IAS 39 did not remove the ability to measure certain short-term receivables and payables on an undiscounted basis (amends basis for conclusion only).

- **IAS 16 - Property, Plant and Equipment (Effective July 2014)**

  Proportionate restatement of accumulated depreciation under the revaluation method.

  For all depreciable assets:

  The depreciable amount (cost less residual value) should be allocated on a systematic basis over the asset's useful life [IAS 16.50].

  The residual value and the useful life of an asset should be reviewed at least at each financial year-end and, if expectations differ from previous estimates, any change is accounted for prospectively as a change in estimate under IAS 8. [IAS 16.51]
2. Adoption of Standards, Interpretations and Amendments (cont'd):

   a) Standards, Interpretations and Amendments to published standards that are in effect (cont'd):

      Annual Improvements to IFRS 2010–2012 Cycle (Cont'd)

   •  **IAS 16 - Property, Plant and Equipment (Effective July 2014) (Cont’d)**

      The depreciation method used should reflect the pattern in which the asset's economic benefits are consumed by the entity [IAS 16.60]; a depreciation method that is based on revenue that is generated by an activity that includes the use of an asset is not appropriate. [IAS 16.62A]

      The depreciation method should be reviewed at least annually and, if the pattern of consumption of benefits has changed, the depreciation method should be changed prospectively as a change in estimate under IAS 8. [IAS 16.61] Expected future reductions in selling prices could be indicative of a higher rate of consumption of the future economic benefits embodied in an asset. [IAS 16.56]

      Depreciation should be charged to profit or loss, unless it is included in the carrying amount of another asset [IAS 16.48].

      Depreciation begins when the asset is available for use and continues until the asset is derecognised, even if it is idle. [IAS 16.55]

   •  **IAS 24 - Related Party Disclosures (Effective July 2014)**

      Key management personnel are those persons having authority and responsibility for planning, directing, and controlling the activities of the entity, directly or indirectly, including any directors (whether executive or otherwise) of the entity. [IAS 24.9]

      If an entity obtains key management personnel services from a management entity, the entity is not required to disclose the compensation paid or payable by the management entity to the management entity’s employees or directors. Instead the entity discloses the amounts incurred by the entity for the provision of key management personnel services that are provided by the separate management entity. [IAS 24.17A, 18A]

   •  **IFRS 38: Intangible Assets (Effective July 2014)**

      Revaluation method - proportionate restatement of accumulated amortisation. Clarifies that when an intangible asset is revalued the gross carrying amount is adjusted in a manner that is consistent with the revaluation of the carrying amount.

      Improvements to IFRS 2011–2013 cycle contains amendments to certain standards and interpretations and are effective for accounting periods beginning on or after July 1, 2014. The main amendments are as follows:

      •  **IFRS 13: Fair Value Measurement (Effective July 2014)**

      Scope of paragraph 52 (portfolio exception)

      Clarifies that the scope of the portfolio exception defined in paragraph 52 of IFRS 13 includes all contracts accounted for within the scope of IAS 39 Financial Instruments: Recognition and Measurement or IFRS 9 Financial Instruments, regardless of whether they meet the definition of financial assets or financial liabilities as defined in IAS 32 Financial Instruments: Presentation.
2. Adoption of Standards, Interpretations and Amendments (cont'd):

   Improvements to IFRS 2011–2013 cycle (Cont'd)

   • IAS 40: Investment Property (Effective July 2014)
     Clarifying the interrelationship of IFRS 3 and IAS 40 when classifying property as investment property or
     owner-occupied property. Clarifies that determining whether a specific transaction meets the definition of
     both a business combination as defined in IFRS 3 Business Combinations and investment property as
     defined in IAS 40 Investment Property requires the separate application of both standards independently
     of each other.

     These affected the financial statements for accounting periods beginning on or after the first day of the months
     stated. The adoption of these Standards and amendments had no material impact on the Council's financial
     statements.

   b) Standards, Interpretations and Amendments to published standards that are not yet effective:

     Certain new, revised and amended standards and interpretations have been issued which are not yet effective
     for the current year and which the Council has not early-adopted. The Council has assessed the relevance of all
     the new standards, amendments and interpretations with respect to the Council's operations and has
     determined that the following are likely to have an effect on the Council's financial statements:

     IAS 1: Presentation of Financial Statement (Effective January 2016)

     The amendment address perceived impediments to preparers exercising their judgement in presenting their
     financial reports by making the following changes.

     Clarifies that information should not be obscured by aggregating or by providing immaterial information
     materiality consideration apply to the all parts of the financial statements, and even when a standard requires a
     specific disclosure, materiality considerations do apply;

     Clarifies that the list of line items to be presented in these statements can be disaggregated and aggregated as
     relevant and additional guidance on subtotals in these statements and clarification that an entity's share of OCI
     of equity-accounted associates and joint ventures should be presented in aggregated as single line items based
     on whether or not it will subsequently be reclassified to profit or loss;

     Provides additional examples of possible ways of ordering the notes to clarify that understandability and
     comparability should be considered when determining the order of the notes and to demonstrate that the notes
     need to be presented in the order so far listed in paragraph 114 of IAS 1.

     IAS 16: Property, Plant and Equipment and IAS 38 Intangible Assets (Effective January 2016)

     Clarify that a depreciation method that is based on revenue that is generated by an activity that includes the use
     of an asset is not appropriate for property, plant and equipment;
2. Adoption of Standards, Interpretations and Amendments:

b) Standards, Interpretations and Amendments to published standards that are not yet effective (cont'd):

**IAS 16: Property, Plant and Equipment and IAS 38 Intangible Assets (Effective January 2016) (Cont'd)**

Introduce a rebuttable presumption that an amortisation method that is based on the revenue generated by an activity that includes the use of an intangible asset is inappropriate, which can only be overcome in limited circumstances where the intangible asset is expressed as a measure of revenue, or when it can be demonstrated that revenue and the consumption of the economic benefits of the intangible asset are highly correlated;

Add guidance that expected future reductions in the selling price of an item that was produced using an asset could indicate the expectation of technological or commercial obsolescence of the asset, which, in turn, might reflect a reduction of the future economic benefits embodied in the asset.

**IFRS 9: Financial Instruments (Effective January 1, 2018)**

This replaces the existing guidance in *IAS 39, Financial Instruments: Recognition and Measurement*. IFRS 9 introduces new requirements for the classification, measurement and recognition of financial assets and financial liabilities, in order to ensure that relevant and useful information is presented to users of financial statements. It replaces the multiple classification and measurement models in IAS 39 with a single model that has only two classification categories: amortized cost and fair value. The determination of classification will be made at initial recognition and depends on the entity's business model for managing its financial instruments and the contractual cash flow characteristics of the instrument.

Management has determined that the standard is relevant to existing policies for its current operations, but has not yet assessed the impact on adoption.

**IFRS 15: Revenue from Contracts with Customers (IAS 18 will be superseded by IFRS 15 Revenue from Contracts with Customers.) (Effective January 1, 2018)**

IFRS 15 provides a single, principles based five-step model to be applied to all contracts with customers.

The five steps in the model are as follows:
- Identify the contract with the customer
- Identify the performance obligations in the contract
- Determine the transaction price
- Allocate the transaction price to the performance obligations in the contracts
- Recognise revenue when (or as) the entity satisfies a performance obligation.

Guidance is provided on topics such as the point in which revenue is recognised, accounting for variable consideration, costs of fulfilling and obtaining a contract and various related matters. New disclosures about revenue are also introduced.
2. Adoption of Standards, Interpretations and Amendments (cont'd):

b) Standards, Interpretations and Amendments to published standards that are not yet effective (cont'd):

Improvements to IFRS 2012–2014 cycle contains amendments to certain standards and interpretations and are effective for accounting periods beginning on or after January 1, 2016. The main amendments are as follows:

- **IFRS 5: Non-current Assets Held for Sale and Discontinued Operations (Effective January 2016)**

  Adds specific guidance in IFRS 5 for cases in which an entity reclassifies an asset from held for sale to held for distribution or vice versa and cases in which held-for-distribution accounting is discontinued.

- **IFRS 7: Financial Instruments: Disclosures (Effective January 2016)**

  Additional guidance to clarify whether a servicing contract is continuing involvement in a transferred asset, and clarification on offsetting disclosures in condensed interim financial statements.

**IFRS 16 - Leases (Effective January 2019)**

IFRS 16 specifies how an IFRS reporter will recognise, measure, present and disclose leases. The standard provides a single lessee accounting model, requiring lessees to recognise assets and liabilities for all leases unless the lease term is 12 months or less or the underlying asset has a low value. Lessors continue to classify leases as operating or finance, with IFRS 16’s approach to lessor accounting substantially unchanged from its predecessor, IAS 17.

**Amendments to IAS 7 - Statement of Cash Flows (Effective January 2017)**

Amends IAS 7 Statement of Cash Flows to clarify that entities shall provide disclosures that enable users of financial statements to evaluate changes in liabilities arising from financing activities.

These affect financial statements for accounting periods beginning on or after the first day of the month stated. The Council is assessing the impact these amendments will have on its financial statements.
3. Statement of Compliance, Basis of Preparation and Significant Accounting Policies:

(a) Statement of Compliance and Basis of Preparation -

These financial statements are prepared in accordance with International Financial Reporting Standards (IFRS), and their interpretations issued by the International Financial Reporting Committee of the IASB and comply in all material respects with the provisions of the University Council of Jamaica Act. They have been prepared under the historical cost convention and are expressed in Jamaican Dollars which is the functional currency of the Council.

(b) Use of Estimates and Judgement -

The preparation of financial statements in accordance with International Financial Reporting Standards (IFRS) requires directors and management to make estimates and assumptions that affect the amount reported in the financial statements and accompanying notes. These estimates are based on historical experience and directors and management's best knowledge of current events and actions and are reviewed on an ongoing basis. Actual results could differ from those estimates.

(c) Property, plant and equipment -

Property, plant and equipment are stated at historical cost less depreciation less any impairment losses.

Depreciation of property, plant and equipment is provided on the straight-line basis calculated at annual rates estimated to write off the cost of each asset over the term of its useful life. The annual rates of depreciation in use are as follows:

- Leasehold Improvements: 2.5%
- Building: 2.5%
- Furniture, Fixtures and Equipment: 10%
- Computer Software & Equipment: 20%
- Motor Vehicle: 20%

Property, plant and equipment are periodically reviewed for impairment. Where the carrying amount of an asset is greater than its estimated recoverable amount, it is written down to recoverable amount.

Gains and losses on disposal of property, plant and equipment are determined by reference to their carrying amount and are taken into account in determining operating surplus or deficit.

(d) Investments -

Management determines the classification of investments at the time of purchase and takes account of the purpose for which the investments were made. Investments are classified as available-for-sale (AFS).

AFS investments are those that are not held for trading purposes, or originated by the Council and are measured at fair value.

These investments are measured initially at cost and subsequently at fair value less impairment losses (see note 5). AFS investments are recognised/derecognised on the day they are transferred to/by the Council. Appreciation/diminution are carried to investment revaluation reserve through other comprehensive income. Gains/losses arising from disposal of investments are recognised in surplus or deficit.
3. Statement of Compliance, Basis of Preparation and Significant Accounting Policies (Cont'd):

(e) Trade and Other Receivables -
Trade and other receivables are carried at original amounts less provisions made for bad debts and impairment losses. A provision for bad debts is established when there is objective evidence that the Council will not be able to collect all amounts due according to the original terms of the receivables. The amount of any provision is the difference between the carrying amount and the expected recoverable amount.

(f) Cash and cash equivalents -
Cash and cash equivalents are carried in the statement of financial position at cost. For the purpose of the statement of cash flows, cash and cash equivalents comprise cash on hand, deposits held on call with banks and other short-term highly liquid deposit investments.

(g) Trade and other payables -
Trade and other payables includes accounts payable and accrued vacation leave.

(h) Revenue Recognition -

i) Subventions/ Government grants represents budgetary support provided by government to pay for specific expenditure pertaining to the operating activities of the Council. These government grants are dealt with on a cash receipts basis.

ii) Interest income is accrued on the principal outstanding on fixed deposits.

iii) Annual registration, accreditation, application, assessors, reviewed administration, annual base fees and interest income are recognized and accounted for on the accruals basis.

(i) Employee benefits -

Vacation Accrued
Employees entitlements to annual leave are recognized when they accrue to the employees. A provision is made for the estimated liability for vacation leave, as a result of services rendered by employees up to the date of the statement of financial position.

Pension
The Council operates a defined contribution pension plan. The pension plan is funded by payments from employers and employees. The Council's contributions to the pension plan are charged to the statement of comprehensive income in the period which it relates.
3. Statement of Compliance, Basis of Preparation and Significant Accounting Policies (Cont'd):

(j) Provisions -

Provisions are recognised when the Council has a present legal or constructive obligation as a result of past events, if it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate of the amount of the obligation can be made. Where the Council expects a provision to be reimbursed, for example under an insurance contract, the reimbursement is recognized as a separate asset but only when the reimbursement is virtually certain.

(k) Foreign currency transactions -

During the period, transactions in foreign currencies are converted into Jamaican dollars at the rates of exchange ruling on the dates of those transactions. Assets and liabilities denominated in foreign currencies are translated at the rates of exchange ruling at the date of the statement of financial position. Gains or losses arising from fluctuation in the exchange rates are reflected in the statement of comprehensive income.

(l) Impairment of Assets -

The carrying amounts of the Council's assets are reviewed at each date of the statement of financial position to determine whether there is any indication of impairment. If any such indication exists, the assets' recoverable amounts are estimated at each date of the statement of financial position. An impairment loss is recognised whenever the carrying amount of an asset or group of assets (cash generating unit) exceeds its recoverable amount. Impairment losses are recognised in the statement of comprehensive income.

(m) Fair Value of Financial Instruments -

Amounts reflected in the accounts for trade and other receivables, cash and cash equivalents and trade and other payables are considered to approximate their fair values due to their short term nature. Investments are actively traded in organized financial market and fair value is determined by reference to quoted market bid price on the date of the statement of financial position.

(n) Comparative information -

Where necessary, comparative figures have been reclassified to conform with changes in presentation in the current year. In particular, comparatives have been adjusted to take into account the requirements of IFRS.
3. **Statement of Compliance, Basis of Preparation and Significant Accounting Policies (Cont'd):**

   (o) **Related Party Balances and Transactions -**

   A related party is a person or entity that is related to the Council (referred to in IAS 24, *Related Party Disclosures* as the “reporting entity”).

   (a) A person or a close member of that person’s family is related to the Council if that person:

   (i) has control or joint control over the Council,

   (ii) has significant influence over the Council; or

   (iii) is a member of the key management personnel of the Council or of a parent of the Council.

   (b) An entity is related to the Council if any of the following conditions applies:

   (i) The entity and the Council are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others).

   (ii) One entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member).

   (iii) Both entities are joint ventures of the same third party.

   (iv) One entity is a joint venture of a third entity and the other entity is an associate of the third entity.

   (v) The entity is a post-employment benefit plan for the benefit of employees of either the Council or an entity related to the Council. If the Council is itself such a plan, the sponsoring employers are also related to the Council.

   (vi) The entity is controlled, or jointly controlled by a person identified in (a).

   (vii) A person identified in (a) (i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity).

   (viii) The entity, or any member of a group of which it is a part, provides key management personnel services to the reporting entity or to the parent of the reporting entity.

A related party transaction is a transfer of resources, services or obligations between related parties, regardless of whether a price is charged.

13. Taxation:

The Council is exempt from income tax, property tax, stamp duty and taxation under the Transfer Tax Act, by virtue of Section 17 of the University Council of Jamaica Act 1987.

14. Pension:

The Council participates in a defined contribution Pension Plan for its employees which is administered by Sagicor Life Jamaica Limited formerly Life of Jamaica Limited and managed by a Board of Trustees. The plan is funded by contributions from employees and employer.

Pension benefits are based on each member's contributions plus accumulated interest up to retirement date or date of exit from plan. The Council's contribution during the year amounted to $1,117,035 (2015 - $1,623,605).

16. **Financial Instruments & Financial Instruments Risk Management:**

A financial instrument is a contract that gives rise to both a financial asset of one enterprise and a financial liability of another enterprise. For the purpose of the financial statements, financial assets have been determined to include cash and cash equivalents and trade and other receivables. Financial liabilities have been determined to include trade and other payables.

The activities of the Council expose it to certain financial risks which require evaluation, acceptance and management. Operational risks are an inevitable consequence of being in business. The Board of Directors aim to achieve an appropriate balance between risk and return thereby minimising any potential adverse effects on the Council's financial performance. The Board of Directors is responsible to the Minister of Education as the operations of the Council now fall under the ambit of that office.

The main types of risks to which the Council is exposed are credit risk, liquidity risk and market risk. Market risk is further broken down into interest rate risk and foreign currency risk. The management policies of the Council are designed to identify and analyse these risks, to set up appropriate controls, and to monitor the risks by means of up-to-date information.

The Executive Director has overall responsibility for the day to day management and operation of the Council. The functions of the Council are carried out through its various divisional heads.

(a) **Credit risk**

The Council is exposed to credit risk, which is the risk that its customers, or counter-parties will cause a financial loss for the Council by failing to discharge their contractual obligations. Management however carefully manages its exposure to credit risk in order to minimise losses. The accounts department ensures that amounts billed are collected on a timely basis and where amounts are considered doubtful or uncollectible, the necessary provisions or write off are done after careful review and approval by the Board of Directors.

**Credit Review Process**

The Council has established a credit quality review process and has credit policies and procedures which require regular analysis of the ability of counter-parties to meet their payment obligations.

(a) Credit risk (Cont'd)

(i) Trade Receivables

Trade receivable balances are considered high risk, however, management closely monitors its customers to minimise the level of bad debts. The Council has verbally established a credit quality review process and has instituted credit policies and procedures which require regular analysis of the ability of debtors to meet their obligations.

(ii) Withholding Tax recoverable

This item is considered low risk as it is a receivable from government and is usually received about three to six (3 - 6) months after returns are filed.

(iii) Cash and Cash Equivalents

Cash and cash equivalents comprise current and savings accounts, and deposits held with financial institutions. The Council limits its exposure to credit risk by placing its cash and cash equivalents with counter-parties that have high credit quality. Accordingly, management does not expect any counter-party to fail to meet its obligation.

There has been no change in the Council's exposure to credit risks or the manner in which it measures and manages the risk.

(b) Liquidity risk

Liquidity risk is the risk that an enterprise will encounter difficulty in raising funds to meet commitments associated with financial liabilities when they fall due and to replace funds when they are withdrawn. The consequence may be the failure to meet obligations to creditors and also to complete projects.

The Council manages its liquidity risk by maintaining an appropriate level of resources in liquid or near liquid form. At 31st March 2016, the Council's current assets excluding prepayments exceeded its current liabilities by $96,547,719 (2015 - $102,639,726).

Liquidity management process

The Council's liquidity management process, as carried out within the Council and monitored by the Accounts Department, includes:

(i) Monitoring future cash flows and liquidity on a daily basis. This incorporates an assessment of expected cash flows in relation to payment obligations.

(ii) Monitoring Statement of Financial Position Liquidity ratios against internal requirements. The most important of these is to maintain limits on the ratio of net liquid assets to customer liabilities.

There has been no change in the Council's liquidity risk or the manner in which it measures and manages the risk.

(b) Liquidity risk (Cont'd)

The following are the contractual maturities of financial assets and liabilities including interest payments as at 31st March 2016

<table>

(c) Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market prices. This arises mainly from changes in interest rates, foreign currency rates and equity prices. The Council's operations are impacted by changes in interest rates and foreign currency movements, but not by changes in equity prices. The effect of these changes however, are not considered significant. The objective of market risk management is to monitor and control market risk exposures within acceptable parameters, while optimising the return on investments. Market risk exposures are measured using sensitivity analyses.
16. **Financial Instruments & Financial Instruments Risk Management (cont'd):**

   (c) Market Risk (cont'd)

   (i) Interest rate risk

   Interest rate risk arises when the value of a financial instrument fluctuates during a specified period due to changes in the market interest rates.

   The Council is exposed to interest rate risk in respect of its cash on deposit and foreign currency savings account. The Council manages this risk by maintaining net earning assets and procuring the most advantageous interest rates. It also has a policy which requires that the maturities of interest-bearing financial instruments are closely monitored.

   **Financial Assets**

   The Council invests excess cash in deposit accounts that are held with licensed and secure financial institutions. The interest rates paid will fluctuate from time to time but are usually reflective of the market conditions.

   At the reporting date, the interest rate profile of the Council's interest-bearing financial instruments were:

<table>
<thead>
<tr>
<th>Deposit Account</th>
<th>Interest Rate 2016</th>
<th>Interest Rate 2015</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>J$ Bank balances</strong></td>
<td></td>

<td>39,475,440</td>
</tr>
<tr>
<td></td>
<td>71,562,822</td>
<td>55,885,521</td>
</tr>
</tbody>
</table>

   **Financial Liability**

   The Council has no interest-bearing liability and therefore is not exposed to interest rate risk in this regard.

(c) Market Risk (cont'd)

(i) Interest rate risk (cont'd)

**Interest rate sensitivity analysis**

During the period April 2015 to March 2016, the BOJ 3-6 month deposit rates have moved by approximately 48 basis points from 4.84% to 4.36%. This unfavourable movement in interest rate is not expected to continue in the foreseeable future.

A 1% (2015 - 1%) movement in interest rates at the reporting date would have increased/(reduced) the reported surplus and accumulated surplus by the amounts shown below:

<table>
<thead>
<tr>
<th></th>
<th>2016</th>
<th>2015</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>1% (2015 - 1%) increase in interest rate</strong></td>
<td></td>
<td></td>
</tr>

</tr>
<tr>
<td>Increase in surplus</td>
<td>$715,628</td>
<td>$558,855</td>
</tr>
</tbody>
</table>

|                      |        |        |
| **1% (2015 - 1%) decrease in interest rate** |        |        |
| Decrease in surplus  | $(715,628)| $(558,855)|

This analysis assumes that all other variables, in particular exchange rates, remain constant.

(ii) Foreign currency risk

Foreign currency risk is the risk that the market value of, or the cash flows from financial instruments will vary because of exchange rate fluctuations. The Council is exposed to foreign currency risk due to fluctuations in exchange rates on transactions and balances that are denominated in currencies other than the Jamaican dollar. A foreign currency bank account is maintained at a level which partially meets foreign currency obligations. The Council is a net expender of foreign currency.
16. Financial Instruments & Financial Instruments Risk Management (Cont'd):

(c) Market Risk (cont'd)

(ii) Foreign currency risk (cont'd)

The Council’s foreign currency assets at the date of the Statement of Financial Position are as follows:

<table>
<thead>
<tr>
<th></th>
<th>2016 US$</th>
<th>2015 US$</th>
</tr>
</thead>
<tbody>
<tr>
<td>Trade Receivables</td>
<td>179,108</td>
<td>548,540</td>
</tr>
<tr>
<td>Deposit Account</td>
<td>95,357</td>
<td>94,382</td>
</tr>
<tr>
<td>Savings Account</td>
<td>447,341</td>
<td>343,145</td>
</tr>
<tr>
<td></td>
<td>721,806</td>
<td>986,067</td>
</tr>
</tbody>
</table>

Sensitivity analysis

Exchange rates in terms of Jamaican Dollars which is the Council's principal intervening currency, were as follows:

<table>
<thead>
<tr>
<th></th>
<th>US$</th>
</tr>
</thead>
<tbody>
<tr>
<td>31st May 2016</td>
<td>125.41</td>
</tr>
<tr>
<td>31st March 2016</td>
<td>122.04</td>
</tr>
<tr>
<td>31st March 2015</td>
<td>115.04</td>
</tr>
</tbody>
</table>

Over the period March 2015 to March 2016 there was a 6% weakening of the Jamaica Dollar against the US dollar. Between 31st March 2016 and 31st May 2016 there has been a further 3% decline in the Jamaican dollar.

Should there be a continued weakening of the Jamaican dollar against the United States Dollar by the rates indicated below, this would increase/(decrease) surplus and accumulated surplus as shown below:

<table>
<thead>
<tr>
<th></th>
<th>2016</th>
<th>2015</th>
</tr>
</thead>
<tbody>
<tr>
<td>Jamaican dollar revaluation</td>
<td>1</td>
<td>880,907</td>
</tr>
<tr>
<td>Jamaican dollar devaluation</td>
<td>6</td>
<td>(5,285,443)</td>
</tr>
</tbody>
</table>

The analysis assumes that all other variables, in particular, interest rates, remain constant. The analysis is performed on the same basis for 2015.
16. Financial Instruments & Financial Instruments Risk Management (Cont'd):

(d) Operational risk

Operational risk is the risk of direct or indirect loss arising from a wide variety of causes associated with the council's processes, personnel, technology and infrastructure, and from external factors, other than financial risks such as those arising from legal and regulatory requirements and generally accepted standards of corporate behaviour.

The Council's objective is to manage operational risk so as to balance the avoidance of financial losses and damage to its reputation with overall cost effectiveness and to avoid control procedures that restrict initiative and creativity.

The primary responsibility for the development and implementation of controls to identify operational risk is assigned to Senior Management. This responsibility is supported by council's standards for the management of operational risk in the followings areas:

(i) Requirements for the periodic assessment of operational risks faced, and the adequacy of controls and procedures to address the risks identified.

(ii) Requirements for the appropriate segregation of duties, including the independent authorisation of transactions.

(iii) Requirements for the reconciliation and monitoring of transactions.

(iv) Compliance with regulatory and other legal requirements.

(v) Documentations of controls and procedures.

(vi) Requirements for the reporting of operational losses and proposed remedial action.

(vii) Development of contingency plans.

(viii) Training and professional development.

(ix) Ethical and business standards.

(x) Risk mitigation, including insurance where this is effective.

Compliance with Council's policies is supported by a programme of periodic reviews undertaken by Internal Audit. The results of Internal Audit reviews are discussed with the management of the business unit to which they relate, with summaries submitted to senior management and the Board of Directors.
THE UNIVERSITY COUNCIL OF JAMAICA
NOTES TO FINANCIAL STATEMENTS - (CONT'D)
FOR THE YEAR ENDED 31ST MARCH 2016
Expressed in Jamaican Dollars unless otherwise indicated

16. Financial Instruments & Financial Instruments Risk Management (Cont'd):

(e) Fair value:

Fair value is the amount for which an asset could be exchanged, or a liability settled between knowledgeable willing parties who are under no compulsion to act, in an arm's length transaction. Market price is used to determine fair value where an active market exists as it is the best evidence of the fair value of a financial instrument.

The amounts included in the financial statements for trade receivable, other receivable, cash and cash equivalents and payables reflect their approximate fair values because of the short-term maturity of these instruments.

The estimated fair values have been determined using available market information and appropriate valuation methodologies. However judgement is necessarily required in interpreting market data to develop estimates of fair value. Accordingly, the estimates are not necessarily indicative of the amounts that the Council would realise in a current market exchange. The estimated fair values of the Council's investments are disclosed in Note 5.

The following table provides an analysis of financial instruments held as at 31st March 2013 that, subsequent to initial recognition, are measured at fair value. The financial instruments are grouped into levels 1 to 3 based on the degree to which the fair value is observable, as follows.

Level 1 fair value measurements are those derived from quoted prices (unadjusted) in active markets for identical instruments;

Level 2 fair value measurements are those derived from inputs other than quoted prices included within level 1 that are observable for the instrument, either directly (i.e., as prices) or indirectly (i.e., derived from prices); and

Level 3 fair value measurements are those derived from valuation techniques that include inputs for the instrument that are not based on observable market data (unobservable inputs).

<table>
<thead>
<tr>
<th></th>
<th>Level 1</th>
<th>Level 2</th>
<th>Level 3</th>
<th>Total</th>
</tr>
</thead>
<tbody>
<tr>
<td>Available-for-sale Investments - Quoted Investments</td>

<td>-</td>
<td>327,932</td>
</tr>
<tr>
<td></td>
<td>327,932</td>
<td>-</td>
<td>-</td>
<td>327,932</td>
</tr>
</tbody>
</table>
16. Financial Instruments & Financial Instruments Risk Management (Cont'd):

(e) Fair value (cont'd)

The fair value of financial instruments traded in active markets is based on quoted market prices at the date of the statement of financial position. A market is regarded as active if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis. The quoted market price used for financial assets is the current bid price. These instruments are grouped in level 1.

The fair value of financial instruments not traded in an active market is determined by using valuation techniques. These valuation techniques maximise the use of observable market data where it is available and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in Level 2.

If one or more of the significant inputs is not based on observable market data, the instrument is included in Level 3.

The Council has no financial instruments which falls in the Level 2 and Level 3 categories for the financial year ended 31st March 2015.

(f) Capital Management:

The main objectives of the Board when managing capital are to safeguard the ability of the Council to continue as a going concern and to ensure that there are adequate revenue reserves to carry out its operations in the foreseeable future. The Board of Directors and the Executive Director monitor and maintain an appropriate balance between revenue and expenditure to ensure that the subvention received is used only for intended purposes and that adequate levels of liquidity is maintained.

There were no changes to the Council's approach to capital management during the year.

The Council's capital comprises:

<table>

APPENDIX A

Council Members 2015 – 2016 as at March 31, 2016

Ambassador the Hon. Burchell Whiteman, OJ
Chairman

Mrs Audrey Anderson (up to 30/06/2015)
Interim Chairman
Former Senior Deputy Governor
Bank of Jamaica

Dr Yvonnette Marshall
Executive Director, The University Council of Jamaica

Professor Archibald McDonald
Principal,
The University of the West Indies, Mona

Mrs Lorna Parkins,
Executive Director,
Caribbean Accreditation Authority for Education in Medicine and Other Health Professions (CAAM-HP)

Dr Trevor Gardner,
President, Northern Caribbean University

Mr Aldin Bellinfantie, (up to 30/06/2015)
Principal, Irwin High School

Mr D. Ward Mills,
Project Specialist,
Strategic Human Resource Management and Industrial Relations, Public Sector Transformation Unit,
Cabinet Office

Dr Asburn Pinnock
President, The Mico University College

Mr Paul Miller (up to 30/06/2015),
Deputy to the Chief Commissioner
Scout’s Association of Jamaica

Prof Sir Roy Augier (up to 30/06/2015),
Professor Emeritus,
The University of the West Indies, Mona

Dr Carol Hordatt Gentles
Lecturer in Education,
School of Education,
The University of the West Indies, Mona

Dr Angela Samuels-Harris (up to 30/06/2015)
Principal, Montego Bay Community College

Dr Wayne Wesley
Executive Director, HEART Trust/NTA

Mr Joseph Taffe
Former Acting Group Chief Audit Executive,
GraceKennedy Limited

Professor Ronald Young
Emeritus Professor of Human & Comparative Physiology,
The University of the West Indies, Mona

Professor Colin Gyles (as of 10/2015)
Acting President, The University of Technology, Jamaica

Dr Phylícia Marshall
Assistant Chief Education Officer (Actg.)
Tertiary Unit, Ministry of Education

Dr Trevor Smith (as of 01/07/2015)
Lecturer, Head of MIBES
Mona School of Business & Management
The University of the West Indies, Mona

Professor Lou Anne Barclay (as of 01/07/2015)
Senior Lecturer,
International Business
Mona School of Business and Management
The University of the West Indies, Mona
Dr Claire Sutherland (as of 01/07/2015)
Senior Director for International and Institutional Linkages
The University of Technology, Jamaica

Mrs Yvonne Clarke (as of 01/07/2015)
Principal, Bethlehem Moravian College

Rev Dr Gordon Cowans (as of 01/07/2015)
Principal, Knox Community College

Ms Bevon Morrison (as of 17/08/2015)
Call Associates Consultancy Ltd.

Dr Anna Perkins (as of 17/08/2015)
Senior Programmes Officer, Quality Assurance Unit,
Office of the Board for Undergraduate Studies
The University of the West Indies, Mona
APPENDIX B

Members of Staff 2015 - 2016 as at March 31, 2016

Dr Yvonnette Marshall
Executive Director

Miss Ollyvia Anderson
Public Relations and Communications Officer

Dr Dawn Barrett Adams
Accreditation Officer

Mrs Kenisha Blair Walcott
Director, Human Resources and Administration

Mrs Diane Butler
Director of Finance

Dr Jessica Dunn
Accreditation Officer

Ms Grace Gordon
Director, Accreditation

Mr Eaton Hendricks
Programme Officer

Mrs Lisa Henlin
Accreditation Officer

Ms Tiffany Hinds
Assistant Accountant

Dr Karen Isaacs
Programme Officer

Mrs Arlene Lawrence
Accreditation Officer

Ms Stacey-Ann Lewin
Records Management Officer

Dr Maureen Linton
Accreditation Officer

Dr Dotlyn Minott
Senior Programme Officer

Ms Thelma Mollison
Customer Service Representative

Mrs Michelle Ogilvie-Jackson
Administrative Assistant

Dr Angela Penny
Director, Research and Development

Ms Andrika Perkins
Records Manager

Dr Gareth Phillips
Accreditation Officer

Ms Kerry-Ann Robinson
Office Attendant

Mr Richard Rose
Director, Communications and Public Education

Ms Janine Scott
Research and Assessment Officer

Mrs Annie Sutherland
Senior Secretary

Ms Cecile Thompson (up to 30/11/2015)
Senior Secretary

Mrs Camille Trusty
Executive Assistant

Mr Ripton Watson
Messenger

Ms Michelle Williams
Senior Human Resource Officer

Ms Tushan Wilson
Accounts Receivable Officer
APPENDIX C
