*"Assuring Quality in Higher Education"*

# Academic Programmes, Curricula and Materials

## Criterion #2

Dr. Schontal Moore & Mrs. Shanique Walker-Carty

# Priority Issues

- Repurposing of standards to fit current and future educational landscape
- Align our standards to international standards
- Produce a revised standards in 1 year, which should focus on all HEIs subsets (universities, teachers' colleges, community colleges, training schools etc.)

# Expectations

For this workshop we hope to hear your feedback on 2.7, 2.8, 2.9 and 2.10.

We will record your feedback and make changes to the draft standards.

The changes will be discussed with team members who will revise, accordingly, before final draft is submitted for review and approval.

# Implications for Revising National Quality Standards

- A current and updated Distance Education Standards that will govern how HEIs operate in an online and remote environment.
- Ensure quality is maintained in HE through this standardized and centralized approach.
